FREE LIFE SAVING SURGERIES

## ABOUT US

Benjamin Olowojobutu Foundation is a dream birthed and driven by love and compassion to help indigent people suffering from various diseases such as Fibroids, Lipomas, Breast lumps, Hydrocele and Hernias. The goal of BOF is to in the long run change the health care space with love and compassion.

## OUR PURPOSE

Our purpose is to change the healthcare space using love. We believe that If we can touch somebody's hands we will make this world a better place.

## Testimony

This has to be God changing the course of my life.

My name is T.A, a private school teacher here in Port Harcourt and I teach Basic studies I'm 34 years years old unmarried and very single.

This tumor has ravaged my life for the past 9 years. I have taken all sorts of meds, herbs and loads of concoctions all the no avail.

Everyday, the mass got bigger and every one in my neighborhood calls me Mama Ejima like I was carrying twins so I went to the Hospital in PH and I was told because of the size and the position of the mass I should look for 1.2 million naira for the surgery.

I just resigned to fate that this is how my own life will be.

2 weeks ago a friend mentioned that one Dr Benjamin and his team was coming to PH with free surgery mission with my unbelief I taught it was just a rumor but I reluctantly registered.

I have no suitors because of this mass. Wow when I was called into the theater that it was my turn, I broke into tears that finally my life will receive newness and my name will change.

Dr Benjamin and his team are just angels sent from heaven. The mass removed in my tummy weighed 8.1k.

I am doing well praising God for this miracle. God bless @benjaminolowojebutufdn

Rivers State.
